STAT

Vice Deputy Director for Foreign Intelligence
Defense Intelligence Agency

FROM:

Chief, Intelligence Producers Council Staff

SUBJECT:

Replacement for DIA IPC Staff Representative

STAT

1. As you know, [] will be returning early to her parent organization (DIA/DX-3) as a result of a major reorganization to assume an important new position.

2. DIA has traditionally detailed a senior officer to the IPC Staff on a non-reimbursable basis. As we have discussed in the past, DIA participation on the staff is invaluable to the IPC and DIA. Kate's outstanding performance, although brief, has advanced the importance of DIA representation to a new level. Her understanding of the DoD Community and its myriad of projects and activities has been particularly useful to the Staff. As a direct result of having quality DIA staff representation, the IPC approved a significant number of PEI submissions by DIA and the services--valued at over one million dollars.

STAT

3. In view of the foregoing, it is requested that DIA provide a replacement for [] at the earliest possible date. It is unfortunate that [] is departing in the middle of the FY-89 PEI program. However, I have made interim staff arrangements to fill the void pending arrival of her replacement.

STAT

STAT

4. For your information, I have provided a copy of the position description for the DIA representative. If I can be of further assistance on this matter, please let me know.
